Get Involved
The Office of Alumni Relations has several ways for you to get involved with your alma mater!
Welcome

Upon graduation, CUNY SPS alumni are granted free access to exclusive benefits such as newsletters, job announcements, special savings and discount offers, as well as invitations to special events. Additionally, CUNY SPS Career Services continue to offer programs that address on-the-job issues, professional development, and career assessment needs for alumni who are seeking a new full-time job, considering a career change, or exploring internship opportunities.

You are among more than 1 million CUNY alumni around the world, and as the CUNY SPS alumni network continues to grow, we encourage you to stay engaged and use your network.

Here are just a few ways to help:

- **Volunteer** at CUNY SPS events by helping out with check in, day of event logistics, or help celebrate the next graduating class by assisting at the commencement ceremony.

- **Connect** with potential students who have not completed their applications, or students who have dropped out of a program.

- **Present** on an alumni panel at an information session attended by prospective students.

- **Join** the Alumni Engagement Council and serve as an ambassador for CUNY SPS; increasing awareness of the School’s opportunities for alumni; encouraging greater participation in School events; and initiating new ways to communicate with an ever-growing alumni population to help plan activities and opportunities for your fellow CUNY SPS alumni.

- **Donate** to the CUNY SPS Foundation.
The Office of Alumni Relations at CUNY SPS serves as a lifelong resource for our alumni and works to help graduates enhance professional networks and advance their careers. The Office develops and delivers meaningful opportunities for alumni engagement and cultivates a lasting connection to the greater CUNY SPS community.
